**Subject:** RE: [External] Dominion Energy Residential Rate request increase of 14% Ltr dtd 05 Oct 2020

Good afternoon, Mr. Janney. I wanted to let you know that the 14% increase in the Consumer Price Index referenced in the notice came from the Company's Application in this matter, specifically page 4, paragraph 13. You can reference this document by going to the Commission's website at [www.psc.sc.gov](http://www.psc.sc.gov), then going to the DMS from the homepage, and entering Docket No. 2020-125-E in the search engine. This will take you to the Commission's file on the Dominion rate case. The Company's rate filing was filed on or about August 14, 2020. Thank you for your consideration in this matter.

Regards,  
 David Butler  
 Special Counsel

Good afternoon sir,  
 It was a pleasure speaking with you on the above subject line. Please feel free to contact me for further information on the subject matter. If my data is incorrect or the letter was not properly proof-read before release - totally understandable, just let me know status. Thank you for your service and have a great day!

**Subject:** Re: Contact Us,

Good morning,

Thank you for the email inquiry, it is the state agency overseeing the rate request from Dominion Energy:

Public Service Commission  
Attn: Clerk's Office  
101 Executive Center Dr., Suite 100  
Columbia, SC 29210  
Phn: 803=896-5100

I have attached a copy of the letter received to this email and a copy of the supporting documentation that could not be attached to the web page "contact us" form. Just to note, the state web page has a lot more improvements to go for the tax money being spent to support it, (lowest bidder and expectations). Please feel free to contact me with any questions or concerns and have a great day!

Sincerely,

*Mr. Robert Janney  
Summerville, SC  
Phn: 843 830 4258*

Good morning, Robert

Is there a specific state agency that you are wanting to communicate this information to? If so, I can look up their contact information for you.

Thanks!

The letter of this request referenced the CPI data from Labor Bureau of Labor Statistics is based on flawed data. The real data from the departmental agency web site is "Electricity 2.405 " FY2019
